BY BOYS; FOUR  
FACE PENALTY

POLICE TAKE PARENTS TO  
HOME TO SEE THE  
DEVASTATION

Several days ago the police were called to the Mrs. Martin home on east Washington street, where Mrs. Martin is away on an extended vacation.

The police were called because of the damage discovered by neighbors that had been done by four boys who were 14 and 15 years of age. The damage was extensive and Saturday the police had the parents of the boys visit the Martin home to show them the damage that had been done.

Not only did they go on the ground floor, but they went upstairs and scattered things everywhere and did heavy damage to both floors. Friday the boys were apprehended and were Mike Ash, Steve York, Harold Harney and Steve Pettit.

IN THE  
GOOD OLD  
DAYS

RECALLS RUSSELLVILLE—

(Another of the historical columns written by the late George Edwin Black. The following was written Aug. 2, 1939.)—Not many of the persons who will crowd into Russellville this week for the annual homecoming and fair will have any knowledge of such terms as 'Harmonia College', 'The Temple', 'Prof. Goodby', and some others in connection with Russellville. Nor will they know, it is probable, that somewhere in the now dim past, Russellville was an active competitor for the county seat location of a new county to be formed from pieces of the anatomy of Montgomery Parke and Putnam counties, and that there is a site on the plat of the town for the court house that was to be. — These things, and many others of deep interest, especially to the residents of Russellville, were talked of by Mrs. Lucinda Frances Garwood, known usually to her older friends as 'Aunt Cinda'. — The Banner man had a most interesting talk at the home of her daughter, Mrs. F. C. Yeager, east Seminary St., this week.

Mrs. Garwood was born January 18, 1854, and she joined nearly all of the older people interviewed from time to time in expressing her loneliness. Of the host of intimate friends and neighbors, Mrs. Garwood has lost many of the years of her activity, during her residence in Russellville, she said only Mrs. Len Wilson, living northwest of Mrs. Garwood's former home, is living. — Mrs. Garwood is the widow of Thomas Corwin Garwood, who died in 1925, and the daughter of James Spencer, Jr. and Mary Bilbo Spencer, second wife of Mr. Spencer. Mr. Spencer came to Russellville from Kentucky in 1830, and bought four tracts of land, of 80 acres each, from the government, some three miles south of Russellville, and on this large place he established the homestead, which was the abiding place of himself, and his children. Only recently, Mrs. Garwood sold the last of it, to Mr. Foharty. The house now on it is the fourth which has been on it. — One interesting item in Mrs. Garwood's conversation was that James Garwood, Sr., father of the husband of this lady, came to Putnam also from Kentucky, about 1832, and brought with him 27 slave Negroes, whom he freed and who formed a little settlement of their own near Waveland. There is yet not far from that town a little burying ground whose silent inhabitants all are former members of this little Negro community. — Mrs. Garwood, as a girl and young lady, attended the once-famed College of Russellville, known as Harmonia. The building stood in the old part of the town, three stories high, of which the Masonic Fraternity used the third floor. It was built shortly after the Civil war, she thought, under the direction of Prof. Goodby, who, with his wife, came from Kentucky to manage the institution. Also on the third floor was a large room in which the boys and girls had public performances. The second floor was devoted to the primary classes. — Among the school-mates of Mrs. Garwood in the old college were Robert L. and Maggie O'Hair, Mildred Allen, Carrie and Mary O'Hair, Sallie and Centh Talburt, Emma and Joe Allen, Kate Farrow (an aunt of Mrs. M. M. Marshall of Greencastle), Milt Hillis, Alex and Mary Farrow, and Mrs. Heady of near Clinton Falls. — Lucinda Spencer and Thomas Corwin Garwood were married June 3, 1873, at the Mt. Pisgah Methodist Church, a mile and a quarter from the Spencer home. It was a

DOOMED BY RABIES

ATLANTA UPI—A 55-year-old Atlanta man is lying in a local hospital with the knowledge that within a week he may be dead from rabies.

If the doctors' diagnosis is correct, Willie Ester Ray is doomed. Ray was bitten on the nose by a dog Sept. 13. Friday night he was in "critical" condition at Grady Memorial Hospital, and apparently about to become one of the rare humans killed by rabies.

ENJOY DINNER  
MEET FRIDAY

HEAR DR. C. T. MALAN DURING  
SESSION OF FILL-  
MORE GYM

Dr. C. T. Malan was the speaker at the annual Putnam County Teachers dinner meeting held in the Fillmore high school gymnasium Friday evening. There were 165 registrations and practically every teacher in the county was present.

County Superintendent, Loyd Hurst thanked Arthur Johnson, principle of Fillmore and the PTA women who served the dinner as he called the meeting to order and presented Mr. Alis-house of Bainbridge who gave the invocation.

The various principals introduced their teaching staff and the trustees present, including Alfred Heavin, Marion; Curtis Higgins, Monroe; Embert Gardner, Russell; Frank Sutherland, Warren; Robert Lewis, Washington; William Cosner, Jefferson; Sherman Thompson, Franklin; Claire Alvin, Clinton; Lester Parker, Cleveland; Claude Malayer, Jackson; Estil Shonkwiler, Madison. They constitute the Board of Education in Putnam County.

The only business transacted was the confirmation of the Putnam County delegates to the State Teachers Association meeting. These included Gilbert Hassler, Reelsville; James Risk, Roachdale; Miss Ella Pickett, Bainbridge. The alternates were William Hammond, Belle Union; Mrs. Jim Myers, Bainbridge; Mrs. Jim Madonna Balay, Belle Union.

Dr. Malan spoke on "America The Beautiful." He did not have reference to the physical condition of the nation, but to human beings. He referred to the Putnam county case, first on record, when the courts held that one cannot be taxed to pay for education, saying it was as late as 1889 before a compulsory education law was passed and as late as 1907 before a high school compulsory law became operative.

SALUTES PAPER BOYS

WASHINGTON UPI—President Eisenhower has saluted the 600,000 newspaper carriers of the nation for their valuable public service.

In a special public message Friday the President told the carriers that in addition to their public service, they were advancing their later careers by learning to become "dependable and loyal citizens."

"I know your abilities will continue to grow with the years," the President said. "America depends on the industry of young citizens like you, now, and in the years to come."

His message was part of his participation in National News paper Week which began Wednesday.

Forest Fire Is

MONROVIA, Calif. UPI—A two-day-old major brush fire accidentally started by two seven-year-old boys burned out of control today with little hope of being contained for the next three to five days.

More than 3,500 acres of valuable water shed valued in the millions of dollars have been burned over along with eight structures, including at least five homes in the \$30,000 to \$50,000 class.

Hundreds of residents were forced to flee with their possessions for a time Friday as the roaring blaze spilled over into inhabited areas of this Los Angeles suburb.

Mrs. Hicks, 52, was lured to a rooming house in Mexico City, Sept. 22 by a smooth-talking American or Canadian, about 45 years old, with blue eyes and light hair.

They said their mother gave them details of the crime before her death in an iron lung at the American-British Hospital.

REPUBLICANS  
IN BIG RALLY,  
HEAR HANDLEY

BIG MEETING IS HELD SAT-  
URDAY BY GOP; MANY  
PRESENT

"Much has been said in this campaign about corruption, and, unfortunately, much of it is justified," Governor Harold W. Handley said at a Republican rally here this afternoon.

"But a lot that has been said is not justified. It has been said for political advantage."

"I would like to mention corruption that has occurred in both political parties and contrast the way each party met it."

"My Democratic opponents have been loud and violent about corruption in the highway department during the last Republican administration. You must always remember that I was not the Governor then. In fact, the Governor and I were not even on good speaking terms."

"Recently these Democrat voices sank to whispers when a Vanderburgh County grand jury indicted three key figures in the Evansville city administration and five important police officers."

"The charge was soliciting bribes."

"How did the mayor of that city react? Did he move at once to investigate the charges? Did he suspend any of the accused men until their trials were held? Did he offer any cooperation whatsoever to the prosecutor of Vanderburgh County?"

"He did not!"

"He raised the timeworn cry of every culprit in public office whose sins have caught up with him."

"He shouted 'politics.' Just that, and nothing more."

"By shouting 'politics' he actually threw obstacles in the path of the case in the minds of the public and making it more difficult to clean up the mess."

"Whether that was the mayor's intention, I cannot say. But whatever his intention, that was the result."

"This same mayor made the same cry a year ago when federal treasury agents moved into Evansville to raid a place the indicted Evansville police officers had been unable to find."

"All this is the official Democratic reaction, notwithstanding the fact that the grand jury was called by a Democratic judge and that it is duly composed of respected Evansville citizens."

"You all recall that shortly after I took office as Governor, grave charges were made concerning the State Highway Department, as it had been previously administered, and many of these charges were uncovered by this administration."

"One of the accusations was the same as that in Evansville—soliciting bribes."

"What was my reaction and that of your state administration?"

"I immediately notified Prosecutor Tindler and gave the full resources of the State Police, Attorney General's office and State Board of Accounts to investigate."

"I publicly announced that anyone caught in that web of corruption would be prosecuted. And they were prosecuted brilliantly by John Tindler. And they were convicted!"

"In other words, we Republicans cleaned up our own mess, even though it was inherited from another administration."

"That was my policy when I took office and it is still my policy. There will be no compromise with dishonesty in government."

"The mayor of Evansville made no mention of that while he has scamped around the state for the last year and a half accusing me of responsibility for the very crimes I helped uncover and prosecute."

"How dishonest can politics become?"

"These two situations contrast the difference between the mayor of Evansville and me."

"In his case he shouted 'politics.'"

"In my case I demanded prosecution."

Vincent Kiger, 18, and Gerald Stewart, 18, also charged with grand larceny in the same deal with Cox, were freed on bonds of \$1,000 each.

NEGRO LEADERS  
ADVANCE PLAN  
ON INTEGRATION

WOULD SEND THOUSANDS  
OF JR. HIGH STUDENTS  
TO SCHOOLS

LITTLE ROCK, Ark. UPI—Negro leaders are looking into the possibility of giving the Little Rock Private School Corporation thousands of junior high school students to educate if its plan to teach school students shows signs of succeeding, it was learned today.

The object would be to drag down the private-schools-in-private classrooms plan with more students than they could possibly handle. So far, junior high schools have operated normally on a fully segregated basis.

The plan which the National Assn. for Advancement of Colored People has studied to add further to the Private School Corporation's burdens would work as follows:

Negro legal advisers think that if the private schools go into operation they can go into federal court and ask for integration of junior high schools.

Only high schools are included in the present integration plan, but Negro lawyers take the view that the start of a private school system would relieve the present school board of having to administer a high school integration plan. It could then administer a junior high school integration plan.

Nationalists To  
Stay On Islands

TAIPEI, Formosa (UPI)—Foreign Ministry officials, mollified by U. S. assurances that there will be "no Munich in the Formosa Strait," emphasized today that Nationalist China has no intention of reducing its garrisons on the beleaguered outpost islands.

"The Americans have never told us before to withdraw our forces from the offshore islands," one official said. "If they do, we will say 'Go to hell!'"

Nationalist officials were deeply shocked by this week's news conference statements by President Eisenhower and Secretary of State John Foster Dulles which were taken here to mean that the United States was preparing to appease the Communists by abandoning the outpost islands to their fate.

Dulles promptly instructed U. S. Ambassador Everett Drumright to assure President Chiang Kai-shek that the United States will not retreat in the face of Red Force.

**CASEY MAY EXPLODE**  
NEW YORK (UPI)—If the New York Yankees blow their third straight World Series game today you can expect to see Manager Casey Stengel explode like Vesuvius.

Casey is aggravated at his pitchers, with special, ultra-sensitive emphasis on Bob Turley; irritated at his hitters, with a particular rash over Yogi Berra; and choleric over his infield defense, with Gil McDougald the most toxic tormenter.

And while he discourses willingly in a few thousand well chosen words on the shortcomings of his humbled heroes, nobody else had better do it.

This was disclosed vividly as Casey worked the club at Yankee Stadium in preparation for today's third game.

A trio of television interviewers, complete with cameramen, audio engineers and picture tube bat-boys discovered this as they interrupted Stengel's monologue about his woes to suggest brightly that he stand before the cameras. They hinted brashly that speed was the essence.

Casey's waffles whitened. The seams around his eyes took on the appearance of a relief map of the Maginot Line. The blue eyes iced over like Hudson's Bay in December.

"So you're in a hurry," grated Casey. "Well, now, and don't you know I'm supposed to do some work out here."

Eventually, he stood before the battery of cameras, however, and the interviewers went to work on him.

"Do you suppose," he was asked, "that the Yankees choke up?" The seamy Stengel features purpled. The Stengel eyes bulged. The Stengel hands bunched.

"Young man," he replied in a voice which sounded much like coal pouring down a chute, "do you choke up on the mike? No. Well, if anybody does choke up around here it will be somebody on a mike. Not my ballplayers."

Stengel's voice dropped to a low roar.

"We," he thundered, "ain't afraid of anybody. Maybe we just need to get a little mad and we're getting." It's nothing just winnin' one ball game won't cure."

The interview was terminated rapidly and Stengel was obviously annoyed even at that because, he grumbled, "there were a few more things I coulda told those there guys."

## CUBS DEFEAT MARTINSVILLE FOR FIFTH WIN

Greencastle's Tiger Cubs racked up their fifth straight victory of the football season Friday night over at Martinsville when they defeated the Artesian City squad, 14 to 7.

The Cubs turned in their best performance of the grid campaign so far in keeping their record unblemished.

After a scoreless opening quarter, the locals took over on their own 45 after Martinsville punted. A short time later, Kenny Sears executed a spinner play over center and went 26 yards for a touchdown. Gib Brown ran the pigskin across for the extra point and the half ended with the Cubs ahead, 7-0.

The Artesians came back strong in the third period and a screen pass was good for 11 yards and a t.d. They also ran the ball over for the additional point and it was 7-7.

In the final quarter, the Artesians gambled on fourth down with 4 yards to go on their own 25.

Daily Sutherland broke through the Martinsville defense and tackled the ball carrier for a loss giving the Cubs the ball on the Artesian 23.

Greencastle advanced to the two and Brown plunged over the goal line. He ran the added point and that was the contest with the Cubs winning, 14 to 7.

Next Friday night, the Cubs will be host to Linton in a Western Indiana Conference tilt.

## Liaison Officer Is Named By Zeis

Appointment of a liaison representative to coordinate Indiana Police operations with the state civil defense department was announced today by Colonel Harold S. Zeis.

Effective November 1, Lt. Robert L. Bennett, Seymour, commander of the State Police district there the last three years, will be transferred to the department's uniform and traffic division at Indianapolis. He will work directly with Roland Knox, state civil defense director, in developing training and disaster programs.

A Tipton native, Bennett joined the department as clerk, July 12, 1939, later serving as trooper and detective.

While a trooper on patrol near Columbus, February 24, 1946, Lieutenant Bennett was shot and critically wounded by two car thieves. His presence of mind in holding onto his attackers' driver licenses led to their capture at Detroit, three days later, and won him a valor award.

Bennett will be succeeded at Seymour by Sgt. Eugene R. St. John. Seymour who will be promoted to lieutenant, November 1, St. John was appointed trooper, September 1, 1938, and has been second in command at Seymour since May, 1953. He also has served in Indianapolis and Putnamville districts.

Superintendent Zeis also announced the promotion to corporal on November 1 of Trooper Max C. Webb, Rockville, to fill a vacancy at Putnamville district. Webb was named a trooper, Sept. 1, 1937.

Scheduled for advancement the same date are two State Police aircraft pilots. They are Sgt. Robert H. Myers, Carmel, to first sergeant in charge of the State Police air fleet, and Cpl. Gilbert S. Holt, Bloomington, to sergeant. The personnel changes were approved by the State police board.

## GOOD OLD DAYS

double wedding, the other couple being Sallie Fordice and Tillman

Biddle. — Mrs. Garwood often used the name of Uncle Jacob Durham in her conversation, once a prominent man in Russellville. She said the Fordices, Gardners, Spencers and others tried to get a county seat located at Russellville but the effort failed. Mrs. Garwood's grandmother was Lucinda Durham, a sister of Jacob."

## IN MEMORY

In memory of Helen Jean Job, who died Oct. 4th, 1950.  
In everybody's garden  
A little rain must fall  
Or life's sweetest flowers  
Wouldn't grow and bloom at all  
And though the clouds hang heavy  
So heavy, oh my friends  
I'm sure that God who needs the showers  
Will send the rainbow's end.  
Missed by Mother, sisters and brothers. pd

"Who takes all

those pills?"

This is often the question when a customer sees the shelves in our pharmacy. Row on row on row of bottles, boxes, canisters, tubes, vials, jars . . . about 2,000 items in all. Good question. Who are they for? The answer, of course, is you. Say you go to a physician and he writes a prescription which you bring to us to be filled. We can't tell what the ailment will be—there are thousands, and we don't know what medication the doctor will prescribe. To provide prompt pharmaceutical service we have to be ready for just about anything. Which we are.

## THE CHURCH FOR ALL . . . ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake, (2) For his children's sake, (3) For the sake of his community and nation, (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

Day	Book	Chapter	Verses
Sunday	I Corinthians	10	16-17
Monday	John	14	16-23
Tuesday	Psalms	133	1-3
Wednesday	Malachi	3	16
Thursday	Philippians	2	1-2
Friday	John	17	20-21
Saturday	Revelation	3	20

## Wheels in Motion

When the gears of a machine mesh together in motion, things begin to happen. Wheels turn, and power is transmitted to every part of the mechanism.

Prayer is something like that. Individual prayer is a vital and sacred thing. Each of us has moments when we—and we alone—must turn to God.

And collective prayer—mass prayer—can be a tremendous force for good too. It is as if thousands of "spiritual gears" suddenly were meshed together into a unit directed by a single purpose.

On Worldwide Communion Sunday, remember the power of col-lective prayer. Join with your neighbors throughout the globe by at-tending church and praying both for peace and for each other.
